

California Department of Developmental Services presents Developing Outcomes through Person-Centered Planning

The California Department of Developmental Services, in partnership with Support Development Associates, is offering a series of virtual trainings on person-centered thinking and practices.

These trainings will be held via webinar, will help assure that key stakeholders, including individuals and their families, providers, and regional center staff are knowledgeable of, and understand the principles and application of person-centered thinking, practices and service planning.

Moving From Understanding to Outcomes

This training will provide participants with information on how to create meaningful outcomes and goals through person-centered planning. It will share examples that anyone can use to have better understanding on where to start and how to work in partnership to create a useful plan that includes goals to support desired outcomes.
