

Dear Provider Agencies of Personal Care Services (PCS),

You are invited to attend one of three system demonstrations of the state's electronic visit verification (EVV) system, now called CalEVV. These system demonstrations will take place in November.

All PCS providers who will use EVV are strongly encouraged to attend a demonstration. Each demonstration is the same. The demonstrations will:

- Walk through the CalEVV system
- Provide an overview of the CalEVV mobile app
- Answer questions asked throughout the session as time permits

Provider agencies have the option of using the CalEVV system or their own alternate EVV system to capture EVV data. These demonstrations are intended to introduce the CalEVV system to provider agencies who will be using it and to help provider agencies decide which EVV system they will use.

The target audience for these demonstrations are provider agency administrators and provider agency staff who will be responsible for entering EVV visit data.

To register, simply click on one of the links below:

Webinar	Date	Time	Registration
CalEVV System Demo #1	11/10/21	3:00pm–4:30pm	Click here to register
CalEVV System Demo #2	11/16/21	10:30am–12:00pm	Click here to register
CalEVV System Demo #3	11/17/21	1:00pm–2:30pm	Click here to register

If you have any questions, please email EVV@dds.ca.gov.

Thank you

DDS Electronic Visit Verification Team and CalEVV Project Team
