Subject: Available Vendor Rates Effective 4/01/2022 – NON-RESIDENTIAL ONLY

Dear Service Provider:

In March 2019, the Department of Developmental Services (DDS) published a rate study addressing the sustainability, quality, and transparency of community-based services for individuals with developmental disabilities. The Budget Act of 2021 specifies a timeline for implementation of the rate models proposed in the rate study. Rate models are determined in consideration of costs providers incur to deliver a particular service consistent with the State's requirements.

For those vendors who participated in the DDS/Burns Rate Study, your rates are now available in the IRC vendor portal. These rates are effective on 04/01/2022. The rates available in this portal are the rates that IRC has received from DDS. Rates will be added to this portal when IRC receives them from DDS.

To access your rate in the IRC vendor portal, follow the link below and follow the instructions given.
